Source Data for the Official Soil Survey
--

Scotland County - General

The traditional final product of first generation soil survey mapping has been the soil survey publication. Each publication included soil map unit descriptions, series descriptions, tables of information (attributes), and maps. One copy of this publication is retained at the USDA Service Center, NRCS Field Office, and designated as the "Official Copy". This official copy was established to maintain the most current soil information for a survey area.

The 1967 Scotland County soil survey is out-of-date but remains the official source of soil maps. The soil survey publication is out-of-print. The official source of soil data is the NASIS database. The NASIS data is available from this site in a Microsoft Access data template. The file name is the county FIPS code with a "zip" extension, nc165.zip. It may be downloaded and unzipped. The template, nc165.mdb, requires Microsoft Access 97 or newer. The data on this site is the most current digital available.

Copies of the maps are available from:

LAURINBURG FIELD OFFICE

TELEPHONE: (910) 277-2433 **FAX:** (910) 277-2411 (County Mgr. Office)

Mailing Address: Scotland County Governmental Annex, 231 East Cronly Street, Suite 400,
Laurinburg, NC 28352-3820.

or

LUMBERTON FIELD OFFICE

TELEPHONE: (910) 739-5478 **FAX:** (910) 739-8306

Mailing Address: 440 Caton Road, Lumberton, NC 28358-0450.

Location: County Office Building, Highway 72.
